These guys are out to prove they've still got it, so they are going to party like it's 1978! It's all going well until one of them doesn't show up...but his wife does. Snowed in overnight, an epic struggle ensues: Will man be judged the superior sex or will woman prevail? Will love triumph or will the old grudges win? And finally, perhaps most importantly, if Doritos are made of corn, why can't they be considered a serving of vegetables?
